The versatility
of design

COMPANY

Our style

is made in Italy

Top Linea is a family-run company with solid roots and a forward-looking vision. For over 40 years, we have been designing and producing furniture components — doors, tops, and panels — entirely made in Italy. Every product is born from our passion for design, artisanal attention to detail, and the technological innovation that sets us apart.

FSC

CERTIFICATION

A responsible choice.

We believe in progress that respects the Earth we inhabit.
For this reason, all the materials used to make Jey Handle doors
are FSC certified: the wood used to create them comes from
responsibly managed forests and controlled sources,
in full compliance with international environmental standards.

JEY HANDLE

The handle-less door

Jey Handle is the perfect solution for those seeking a clean, contemporary, and highly customizable design.

Thanks to a wide and versatile color range — including solid colours, stone effects, and wood finishes — it allows for harmonious or contrasting combinations, with complete creative freedom.

The absence of a visible handle enhances the front panel's aesthetics, making every project more refined and minimalist.

Jey doors 22 mm thick and edged on all four sides in 18/22 mm, available in 15 variants

Panels P2 CARB2 FSC certified, thickness 18–22 mm

Edges ABS, thickness 1 mm

HPL Laminates available on request

Sides thickness 18 mm

WHY THE JEY HANDLE

Italian design
to service
of your project

Design

Created for those seeking a clean, essential solution, Jey Handle removes visual interruptions between the countertop and the front panel. The absence of a visible handle gives a minimalist and contemporary look.

Patented Technology

The result of over ten years of research, Jey Handle stands out for its 1 mm ABS edge finishing, crafted using proprietary Stepforming technology.

Accessible Elegance

Jay Handle offers a high-end aesthetic with an excellent balance between quality and price. The ability to customize even small quantities makes it an accessible solution for any project.

Reliability

Made with 1 mm ABS edging and polyurethane glue, the door guarantees durability and maximum adhesion — ideal even for humid environments such as bathrooms and kitchens.

Customizable

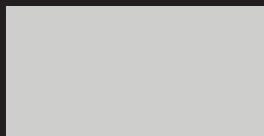

Available in 7 solid colours, 3 stone-effect finishes, 3 wood-effect finishes, and 2 fluted-effect options, Jay Handle allows for elegant and cohesive color combinations tailored to your interior design project. A solution that offers creative freedom and bespoke customization.

What you can do with our product

DOOR CLEANING INSTRUCTIONS

What to Do

- Clean the doors using a non-abrasive sponge.
- Use a cleaning solution made of 1 part neutral soap and 100 parts water.
- Rinse thoroughly and dry with a soft, absorbent cloth that doesn't shed fibres.

What to Avoid

Avoid using harsh cleaning agents that contain solvents (e.g., alcohol), acids (e.g., limescale removers), alkalis (e.g., ammonia), abrasives, or bleach. The use of furniture care products, such as waxes or polishes, should be approached with caution. Always follow the supplier's instructions and test the product on a hidden area first to ensure compatibility and prevent changes in color or surface gloss.

We also recommend avoiding non-neutral products on the edges.
